Index

SUBJECTS

Acanthosis nigricans, insulin resistance and virilism, 613
Acne and sebum secretion in twins, 393
Acne, benzoyl peroxide and melanoma, 239
Acne conglobata and isotretinoin (Correspondence), 310
Acne in females, cyproterone acetate and oestrogen compared, 95
Acne lesions, histology and immunocytochemistry, 651
Acne, pilosebaceous duct and isotretinoin (Summary), 281
Acne vulgaris and malignancy (Poster summary), 293
Acne vulgaris, microbial colonization, 203
Acne vulgaris, recalcitrant and antibiotic therapy, 415
Actinic reticuloid fibroblasts and UVA (Poster summary), 289
Acyclovir in herpes simplex virus associated erythema multiforme (Correspondence), 449
Acyclovir in herpes simplex virus associated erythema multiforme (Correspondence reply), 449
Adenoid cystic carcinoma, 567
Amyloid P component is associated with colloid bodies (Summary), 284
Angiosarcoma in irradiated angiomatous naevus, 109
Anthralin inflammation reduced by topical amine compounds (Summary), 278
Anti-basement membrane zone antibodies in bullous and cicatricial pemphigoid, 31
Aplasia cutis congenita with atrophic alopecia, ocular defects and scarring tendency, 715
Apocrine glands and isotretinoin (Poster summary), 295
Atopic dermatitis and cyclic AMP phosphodiesterase activity (Summary), 276
Atopic dermatitis and the house dust mite, 435
Atopic dermatitis, staphylococcal colonization (Summary), 280
Atopic eczema and cyclic adenosine monophosphate-phosphodiesterase activity (Summary), 275
Atopic eczema and evening primrose oil (Correspondence), 449
Atopic eczema and evening primrose oil (Correspondence reply), 450
Atopic eczema and psoralen photochemotherapy, 791
Atopic patients and histamine release from basophils (Poster summary), 299

B cell lymphomas and non-lymphoid accessory cells, 353
Benzocaine an unsatisfactory indicator of topical local anaesthetic sensitization, 91
Benzoyl peroxide, acne and malignant melanoma, 239
Birtcher Hyfrecator, a disposable tip (Correspondence), 579
BN 52021 and murine contact dermatitis, 475
Book reviews:
Advanced Dermatological Therapy. W.B.SHELLEY and E.D.SHELLEY, 139
Androgen Metabolism in Hirsute and Normal Females. Edited by R.HORTON and R.A.LOBO, 592
Colour Aids: Dermatology. J.D.WILKINSON, S.SHAW and D.A.FENTON, 595
Dermatology Drug Directory. V.N.SEHGAL and G.SRIVASTAVA, 591
Dermatology in General Medicine, 3rd Edition T.B. FITZPATRICK, A.Z.EISEN, K.WOLFF, I.M. FREEDBERG and K.F.AUSTEN, 591
Dubois' Lupus Erythematosus. Edited by D.J.WALLACE and E.L.DUBOIS, 138
Immunopathology of the Skin. 3rd Edition E.H. BEUTNER, T.P.CHORZELSKI and V.KUMAR, 594
Life-threatening Dermatoses. P.A.KRUSINSKI and F.P.FLOWERS, 590
Models in Dermatology. Edited by H.I.MAIBACH and N.J.LOWE, 590
Oxford Handbook of Clinical Specialities. J.A.B.COLLIER and J.M.LONGMORE, 595
Pathobiology of Malignant Melanoma. Edited by D.E. ELDER. *Vol. 8 in Pigment Cell* Ed. R.MACKIE, 592
Pharmacology and the Skin, Vol. 1. Skin Pharmacokinetics. Edited by B.SHROOT and H.SCHAEFER, 591
Pigmented Lesions of the Skin. J.C.MAIZE and A.B. ACKERMAN, 593
Radiation Damage to Skin—Fundamental and Practice Aspects. H.JAMMET *et al.*, 138
Scanning Electron Microscopy of Normal and Abnormal Human Skin. W.H.WILBORN, H.M.HYDE and L.F.MONTES, 139
Skin Disease in Old Age. R.MARKS, 137
Systemic Lupus Erythematosus. Edited by R.G.LAHITA, 138
Systemic Lupus Erythematosus. Clinical and Experimental Aspects. Edited by J.S.SMOLEN and C.C. ZIELINSKI, 138
The Dermatology of Bacterial Infections. G.H.FINDLAY, 594
Tradition of excellence. Dermatology at the University of Pennsylvania 1870–1985. H.BEERMAN and G.S.LAZARUS, 137
Bullous pemphigoid, localized (Case report), 835
Bullous pemphigoid, mucosal involvement, 7
Bullous pemphigoid, pemphigus and herpes gestationis and IgG subclasses (Poster summary), 301

Bullous pemphigoid sera preferentially bound to permeable cells in an ELISA (Summary), 267

Calcium, intestinal absorption and PUVA, 219
Candida onychomycosis and nail disease, 47
Cantharide acantholysis, 157
Capillary, laminate, 327
Carcinoma, primary cutaneous adenoid cystic, 567
Career prospects in dermatology (Correspondence), 587
Cell membrane maturation, cholesterol modulation of lipid fluidity (Summary), 282
Chronic bullous dermatosis of childhood and adult linear IgA disease antigen characterization (Summary), 268
Chronic bullous dermatosis of childhood and adult linear IgA disease have identical antigen distribution, 175
Chronic skin disease, self help groups, 505
Cicatricial fibromatosis (Case report), 841
Cicatricial pemphigoid, immunofluorescence of suction blisters (Summary), 269
Cicatricial pemphigoid, mucosal involvement, 7
Clobetasol 17-propionate penetration and effect of vehicle, 523
Cold-induced pain in cutaneous leiomyomata, 255
Collagen changes with UVA and UVB (Poster summary), 289
Collagen type VII and epidermolysis bullosa acquisita (Summary), 269
Contact dermatitis and leukotrienes, 1
Contact dermatitis, benzocaine an unsatisfactory test agent, 91
Contact dermatitis, effect of BN 52021 a platelet activating factor antagonist, 475
Contact dermatitis from dust particles (Summary), 831
Corticosteroid therapy and Langerhans cell antigen, 457
Cutaneous malignancies and L1 antigen, 59
Cyclosporin and Kaposi's sarcoma, 709
Cyclosporin A and psoriasis (Poster summary), 295
Cyclosporin A in psoriasis, 183
Cyproterone acetate and oestrogen compared in female acne, 95
5-S-cysteinyldopa and melanogenesis, 487
Cytokeratin 13 and glycosylation (Poster summary), 294

Dansyl chloride technique indicating epidermal mitotic activity, 167
Darier's disease: an immunohistochemical study, 629
Degos' disease with bowel and brain involvement, 117
Dermatitis herpetiformis and linear IgA disease, 759
Dermatitis herpetiformis and thyroid autoantibodies, 377
Dermatophilus congolensis infection of rabbits (Poster summary), 291
Dermographism, a sequential histopathological study (Poster summary), 300
Diltiazem causing pustular dermatitis (Correspondence), 308
Dithranol and mouse-tail test, 85
DNA and protein synthesis in rat hair follicles (Poster summary), 299
Drug-induced pseudolymphomatous skin reactions, 545
Dysplastic naevus in non-familial melanoma, 745

Eczema, hand and non-hand compared, 797
Eczema herpeticum and depression of cell-mediated immunity (Poster summary), 292
Ehlers-Danlos syndrome and type III collagen, 17
Eicosanoids and lymphocyte chemotaxis (Summary), 273
Elastic sheet in human epidermis, 347
Endothelial venules in psoriatic skin, 315
Eosinophil chemotactic factor in Kimura's disease, 599
Eosinophils in patch test reactions in atopics, 229
Epidermal tumours and growth factor receptors (Poster summary), 293
Epidermolysis bullosa acquisita and type VII collagen (Summary), 269
Epithelioid sarcoma (Case Report), 843
Erythema multiforme clearing on dapsone (Correspondence), 731
Erythropoietic protoporphyria and pseudoainhum, 113
Etretinate and nodular prurigo (Correspondence), 135
Etretinate and nodular prurigo (Correspondence reply), 135
Exudative epidermitis in piglets (Summary), 280

Fish oil and isotretinoin hypertriglyceridaemia, (Poster summary), 294
Fish oil for eczema (Correspondence), 453
Fish oil for eczema (Correspondence, Editor's note), 453
Fixed drug eruption (Correspondence), 849
5-fluorouracil topically for warts, 409
Fucosylated blood group substances in fetal rat skin, 765
Fungi and gamma-interferon (Summary), 180

Glutaraldehyde cross-linked collagen for dermal implant (Poster summary), 290
Glycosylation of blood group substances during embryogenesis of the skin (Summary), 284
Granuloma annulare and necrobiosis lipoidica and antibodies to collagen types I–V (Poster summary), 290
Gravitational syndrome, changes in endothelial cell mass, luminal volume and capillary number (Summary), 272

Haemangiomatosis, infantile, involving skin, liver and placenta (Case report), 838
Halo dermatitis around a melanocytic naevus: Meyerson's naevus, 125
Helium neon laser and wound healing (Summary), 288
Herpes simplex virus and varicella zoster virus identification in skin lesions (Poster summary), 292
Herpex simplex virus, immune responses, 775
HIV patients and Langerhans cells, 481
House dust mite and atopic dermatitis, 435
Hydroa vacciniforme, review of 10 cases, 101
Hydrocortisone absorption through children's skin, 517
Hyperhidrosis, unilateral (Correspondence), 586

Immunofluorescence in dermatology (Summary), 831
Immunofluorescence of suction blisters in cicatricial pemphigoid (Summary), 269
Ingram treatment of psoriasis and the coal tar bath, 429
Insulin resistance, virilism and acanthosis nigricans, 613

Interleukin 1 and neutrophil chemokinetic activity (Summary), 279
International Society for the Study of Vulvar Disease Progress Report (Correspondence), 732
Involucrin in skin appendage tumours (Correspondence), 583
Involucrin in skin appendage tumours (Correspondence reply), 584
Isotretinoin and apocrine glands (Poster summary), 295
Isotretinoin and keloid formation, 703

Kaposi's sarcoma in kidney transplant patients on cyclosporin, 709
Keloid formation and isotretinoin, 703
Keratoacanthoma and squamous cell carcinoma flow cytometry compared (Correspondence), 580
Kimura's disease, eosinophil chemotactic factor, 599

L1 antigen, cutaneous malignancies and melanocytic naevi, 59
Laminate capillary, 327
Langerhans cell antigen and topical corticosteroid therapy, 457
Langerhans cell function and topical corticosteroid therapy (Summary), 275
Langerhans cells and HIV patients, 481
Langerhans cells in vertical cryosections of human skin, 385
Lectin binding to cultured keratinocytes and calcium (Poster summary), 298
Leg ulcers and prostaglandin E_2 topically, 531
Leiomyomata and cold-induced pain, 255
Leishmaniasis and cryosurgery (Correspondence), 851
Lentigo maligna oestrogen and progesterone receptors, 69
Leukocyte emigration in man (Poster summary), 297
Leukotriene B_4 photodegradation by UVB (Summary), 277
Leukotrienes in contact dermatitis, 1
Lichen sclerosus et atrophicus and autoimmunity, 41
Linear IgA disease and dermatitis herpetiformis, 759
Linear IgA disease in adults and chronic bullous dermatosis of childhood have identical antigen distribution, 175
Livedo reticularis, anticardiolipin antibodies, CNS complications and tissue plasminogen activator (Poster summary), 300
Locusts and contact urticaria, 707
Lupus erythematosus and complement (Correspondence), 131
Lupus erythematosus and gluten sensitive enteropathy (Correspondence), 731
Lupus erythematosus, dust-like particles (Correspondence), 725
Lupus erythematosus and Ro/SSA antigen, 363
Lupus erythematosus, endothelial cell procoagulant activity and prostacyclin release (Summary), 273
Lymphocyte emigration and type IV hypersensitivity (Summary), 274
Lymphomatoid granulomatosis of the skin (Case report), 844
Lymphoproliferative disorder, DNA analysis in diagnosis, 261

Malignant atrophic papulosis (Degos' disease) with brain and bowel involved, 117
Melanocytic naevi and L1 antigen, 59
Melanocytic naevus counts and whole body naevi, 641
Melanocytic tumours, basement membrane changes (Poster summary), 296
Melanogenesis and plasma 5-S-cysteinyl-dopa, 487
Melanoma and anti-melanoma monoclonal antibody (Summary), 271
Melanoma and vitamin D_3 (Summary), 271
Melanoma, benzoyl peroxide and acne, 239
Melanoma cell glycosaminoglycans and retinoic acid (Poster summary), 293
Melanoma, dysplastic naevus, 745
Mepacrine and pregnancy (Correspondence), 452
Metastatic malignant clear cell hidradenoma and bullous pemphigoid, 819
Meyerson's naevus, 125
Mitotic activity in epidermis and dansyl chloride technique, 167
Monochloroacetic acid and 60% salicylic acid for plantar warts, 537
Mouse-tail testing of dithranol, 85
Mucosal involvement in bullous and cicatricial pemphigoid, 7
Mycosis fungoides treated with interferon $\alpha 2a^2$ and etretinate, 811
Mycosis fungoides with cold agglutinins (Correspondence), 854

N-3 fatty acids and psoriasis, 77
Nail disease and *Candida*, 47
Nail dystrophy in sarcoidosis, 697
Necrobiosis lipoidica and nicotinamide, 693
Neutrophils in human cutaneous UVB inflammation, 27
News and notices, 140, 313, 457, 597, 735, 859
Nickel permeation through human skin, 509
Nickel sensitivity and lymphocytes (Summary), 274
Nodular prurigo and etretinate (Correspondence), 135
Non-lymphoid accessory cells and B cell lymphomas, 353

Obituaries:
Dr Isaac Muende, 723
Dr G.A.Grant Peterkin, 579
Dr I.B.Sneddon, 721
Ocular cicatricial pemphigoid, immunofluorescent studies, 209
Oestrogen and cyproterone acetate in female acne compared, 95
Oestrogen and progesterone receptors in lentigo maligna, 69
Orf following trauma of the scalp, 445
Orogenital lichenoid (drug) reaction (Case report), 836

Pachyonychia congenita with plantar blisters and topical aluminium chloride (Correspondence), 451
Parasitosis, delusions of and coronary bypass surgery (Correspondence), 309
Pemphigoid, bullous and cicatricial, and anti-BMZ antibodies, 31
Pemphigoid gestationis-related antigen, 605
Pemphigoid gestationis related antigen (Summary), 268

Pemphigus and squamous cell carcinoma-related antigen, 471
Pemphigus foliaceus localized to the nose (Correspondence), 303
Pemphigus foliaceus, South American, 737
Pemphigus vulgaris induced by penicillin (Correspondence), 307
Perianal ulceration and PUVA, 675
Phospholipase A_2 activity in psoriasis, 333
Phospholipase A_2 stimulated in epidermal extracts (Summary), 276
Photochemotherapy for severe atopic eczema, 791
Photosensitivity, drug induced (Summary), 287
Poikiloderma treated with etretinate (Correspondence), 729
Polymorphic light eruption (Summary), 287
Polymorphic light eruption and topical indomethacin (Summary), 286
Polymorphic light eruption sine eruptione, 73
Polymorphous light eruption and nicotinamide, 669
Porcine skin bacteria interactions (Poster summary), 291
Porphyria cutanea tarda after childbirth, 243
Port wine stains assessed, 803
Proinflammatory effects of 12(R)-hydroxy-5,8,10,14-eicosatetraenoic acid (Summary), 277
Prolymphocytic leukaemia presenting in skin, 553
Prostaglandin E_2 topically for leg ulcers, 531
Pseudoainhum and erythropoietic protoporphyria, 113
Pseudoepitheliomatous micaceous and keratotic balanitis (Correspondence), 856
Pseudolymphomatous skin reactions, drug induced, 545
Pseudomalignant lymphomatoid skin reactions from drugs (Summary), 834
Pseudo-scarlatina and pseudoephedrine hydrochloride allergy, 827
Psoralen ingestion and suitability of sunglasses, 247
Psoriasis and cyclosporin A (Poster summary), 295
Psoriasis and n-3 fatty acids, 77
Psoriasis and streptococcal infection, 559
Psoriasis and UVB therapy (Summary), 288
Psoriasis, endogenous diacyglycerols in skin (Poster summary), 296
Psoriasis, Ingram treatment and the coal tar bath, 429
Psoriasis, low-dose cyclosporin A, 183
Psoriasis, pathomechanisms, immune system and cyclosporin, 141
Psoriasis, PMN migration (Correspondence), 584
Psoriasis, PMN migration (Correspondence reply), 585
Psoriasis, relationship between body weight, blood pressure and some metabolic parameters, 191
Psoriasis, social and psychological effects, 195
Psoriasis, UVB, coal tar bath and short contact dithranol, 783
Psoriatic and normal keratinocytes differentiated (Poster summary), 298
Psoriatic and normal leukocytes and release of mitogenic cytokines (Summary), 279
Psoriatic epidermis and phospholipase A_2 activity, 333
Psoriatic fibroblasts and epidermal hyperplasia (Poster summary), 297
Psoriatic lesions, failure of neutrophil migration (Correspondence), 733
Psoriatic scale and retained desmosomes (Summary), 283
Psoriatic skin and basement membrane zone antigens (Poster summary), 298
Psoriatic skin, high endothelial venules, 315
Pthirus pubis, a closer look, 497
Pustular dermatitis induced by diltiazem (Correspondence), 308
Pustular ulcerative dermatosis of the scalp, 441
PUVA and cutaneous immune responsiveness, 403
PUVA, effect of intestinal calcium absorption, 219
PUVA for perianal ulceration, 675

Quinine photosensitivity, action spectrum, 679

Ras oncogene and basal cell carcinoma (Summary), 269
Raynaud's phenomenon, reduced threshold for collagen-induced platelet aggregation (Summary), 272
Renal transplant patients and fungal infection (Correspondence), 734
Renal transplant recipients and DNA damage (Summary), 285
Ro/SSA antigen in human epidermis, 363

Scalp, pustular ulcerative dermatosis, 441
Sebaceous gland hyperplasia measured, 397
Sebaceous glands, effect of 13-cis-retinoic acid and testosterone (Summary), 281
Sebaceous glands, incorporation of ^{14}C-labelled precursors into lipid (Summary), 282
Skin blister fluid, 753
Skin cancers and human papilloma virus (Summary), 270
South American pemphigus foliaceus, 737
Spironolactone tolerance, 687
Squamous cell carcinoma, immunohistochemical study (Summary), 270
Squamous cell carcinoma-related antigen in pemphigus, 471
Sunglasses after ingestion of psoralen, 247
Sweat pores on fingertips (Correspondence), 582
Sweat pores on fingertips (2) (Correspondence), 582
Sweat pores on fingertips (Correspondence reply), 583
Systemic sclerosis and glycosaminoglycan synthesis, 339
Systemic sclerosis, effect of warming on finger blood flow, 661

T cell lymphoma (Case report), 846
Tattoos and sex-mismatched cultured allogenic keratinocytes (Summary), 283
Thiabendazole-induced erythema multiforme around naevi (Correspondence), 855
Thyroid autoantibodies and dermatitis herpetiformis, 377
Toe nails and congenital malalignment (Correspondence), 305
Trichoepithelioma, recurrent solitary giant of the perianal area, 563
Tuberculosis cutaneous, cell-mediated immunity (Correspondence), 730
Tuberous sclerosis (Case report), 840

Urticaria, a serological mediator (Summary), 278
Urticaria and angio-oedema (Summary), 832
Urticaria, combined cold and cholinergic, 621

Urticaria, contact with locusts, 707
UVA sensitivity and photosensitivity dermatitis/actinic reticuloid (Summary), 286
UVB human skin inflammation and neutrophils, 27
UVB-irradiation and interleukin 1-like molecules in epidermis, 369

Varicellar zoster virus and herpes simplex virus identification in skin lesions (Poster summary), 292
Venous ulcers, hydrocolloid and paraffin gauze compared, 425
Virilism, acanthosis nigricans and insulin resistance, 613
Vitamin D_3 increases calcium in melanoma (Summary), 271
Vitiligo type A and type B, 223

Warts and topical 5-fluorouracil, 409

Xeroderma pigmentosum and T lymphocytes (Summary), 285
